

Meet Laurie Hubbard Ambassador of the 2nd Quarter

laurie.mmcgann@farmersagency.com

McGann Insurance Agency
1856 3rd Street
Livermore, CA 94550
(925) 447-1744
www.farmersagent.com/mmcgann

I have lived and played in our fair city of Dublin since 2001. As the Office Manager for the Michael McGann Insurance Agency in Livermore, I am always on the lookout for ways to grow and market our agency and joining the chamber has definitely been beneficial in that area. We are well versed in all areas of insurance. Our clients are family to us, and we are continually building

relationships with them as well as educating them in regards to how best protect their income and assets with the various products that we offer them. We have been around for 27 years servicing Livermore, Dublin, Pleasanton, and the greater Bay Area and hope to be around for many more years to come! Give us a call! We would love to come out to your business for a free insurance review.

Sewer Repair Project will affect traffic on Village Parkway

A sewer repair project will affect traffic in the Village Parkway commercial area from June to August, 2017 using trenchless technology to minimize disruptions to businesses and the public.

This summer, Dublin San Ramon Services District will rehabilitate one of the oldest pipes in Dublin's sanitary sewer system. The Dublin Trunk Sewer runs through the Village Parkway commercial area, under the middle of the street from Tamarack Drive in the north, across the Alamo Canal, all the way to DSRSD's treatment plant in Pleasanton. To minimize impacts on businesses and the public, DSRSD will repair the pipe using "trenchless technology." A contractor will insert a flexible liner into the old pipe through existing manholes, one section at a time.

(Continued on page 2)

Don Biddle, Dublin Councilmember (left), Khaled Aburahma, owner of Rahma Mediterranean Market (right).

Rahma Mediterranean Market Wins StopWaste Award

In March, Rahma Mediterranean Market in Dublin received a 2017 Business Efficiency Award for Excellence in Recycling and Composting from StopWaste, the public agency in charge of reducing the waste stream in Alameda County. Rahma is a small, independently owned Halal food market and catering company that has served the Tri-Valley area since 2008. Owner Khaled Aburahma set up recycling and composting years ago, simply because it was the right thing to do. Rahma Mediterranean Market recycles and composts 88% of their waste, saving the business nearly \$10,000 a year

(Continued on page 4)

Sewer Repair Project will affect Traffic on Village Parkway

(Continued from page 1)

As the liner cures in place, it restores the pipe's interior to near-new condition. This approach is significantly less disruptive than digging up and replacing the old pipe, and the work can be done in one-third the time.

Property owners should not notice any change in their sewer service because wastewater will be pumped through a temporary bypass line. The bypass will sit in a shallow trench covered by metal plates between Amador Valley and Dublin Boulevards (on the west side of the street), as well as anywhere it crosses an intersection or driveway. Elsewhere, the bypass will rest on the ground in the shoulder of the road. Whenever the bypass line is operating, a person will be on site to monitor it, 24 hours a day.

Bypass line installation should begin in early June, as soon as Dublin schools are out for the summer. In commercial areas, the contractor will work a 24/7 schedule to finish the project by mid-August. However, work that blocks major intersections will be done at night to minimize traffic congestion. In residential areas, the contractor will work in the daytime to minimize nighttime noise.

On-street parking will not be allowed on the west side of Village Parkway south of Amador Valley Boulevard for short periods while the bypass line is being installed.

Once the bypass is in place beneath trench plates, construction will move down the street, restoring access to most on-street parking spaces. The construction will not affect parking on the east side of Village Parkway, nor any parking lots.

The Dublin Trunk Sewer is a reinforced concrete pipe, 33 to 42 inches in diameter, which carries nearly half of Dublin's wastewater to the treatment plant. In 2014, video, laser, and sonar inspections revealed that wastewater sulfides had corroded the pipe, exposing rebar in some places. Rehabilitating the 55-year-old pipe adds another 50 years to its expected life and reduces the risk of a pipe failure or sanitary sewer overflow.

DSRSD has posted more information about the project and a map of the affected area at

www.dsrdsd.com/trunksewer

If you have questions, please contact Associate Civil Engineer Jaclyn Yee

at yee@dsrdsd.com or [925-875-2258](tel:925-875-2258)

NETWORKING MIXERS

We thank the following member businesses for hosting our 1st Quarter Networking Mixers:

January Networking Mixer | January 25, 2017

Steve Kau CPA, PC
11750 Dublin Blvd., Suite 102, Dublin, CA, 94568
(925) 242-1300 | www.e-skcpa.com

February Networking Mixer | February 23, 2017

Hunter Joseph Salon
7197 Village Parkway, Unit C, Dublin, CA, 94568
(925) 803-7727 | www.hunterjosephsalon.com

March Networking Mixer | March 30, 2017

JOHN MUIR HEALTH
5860 Owens Drive, Pleasanton CA, 94588
(925) 224-0800 | www.johnmuirhealth.com

Mayor David Haubert, Vice Mayor Don Biddle, and Councilmember Melissa Hernandez recognize Jean Josey (centered) and nominees for 2016 Citizen of the Year on February 22, 2017
